EDWARD ROSS is just recovering from a spell of sickness will be heard from in the course of a short time.

republicans in the city of St. Louis have gone into court with troubles. There is said to be bitterness from both factions.

Lead Belt Echo is a new paper at Des Moines, W. Keith Poston is the publisher. We welcome the Echo to the table and wish it abundant success.

CAPE GIRARDEAU PROGRESS is a semi-weekly. Bro. Treason says things are moving in direction. He is giving his paper a good clean newspaper and is succeeding.

republicans in Cape county are expected to reconcile their differences this week, but failed and it is said they are going to fight. September 20th is set for making another fight.

democratic editors of Missouri will hold a meeting in the central building, St. Louis, next week for the purpose of organizing the state democratic press. Speakers will address the meeting.

republicans in their state have declared: "We particularly notice the weak efforts of the republicans in the state to un-dermine party their democracy." And then they went right to work to form a combination with Hill Phelps, at whom their aim was aimed.

Garrett, of the Caruthers, is going to have to em-erge from body-guard or Caruthersville else the bell of that city will wear him like a hot iron. He has been licked every week for the last two, and he is likely to last through many weeks of such strenuousness. (Lph Prospect-News.)

Governor W. J. Stone of Mis-souri has won his fight for the state nomination for United States Senator and the St. Joe plat-form evidence of his handi-work will be a tower of strength to the party and will prove a val-ue to the group of vigor-ous now preaching the gospel of democracy in that body.—Com-

has expressed his disgust for the same kind of conduct in other parts of the country. Missouri will not go republican this year.

Judge Fort believes that persons who have business in court have rights that must be respected by attorneys practicing in the court and has adopted the following rule: "Attacks upon the private lives of parties or witnesses in the pleadings, statements or evidence in any cause, matter or proceeding for the purpose of intimidating or degrad-ing them or forcing a compromise of the suit, and not for the purpose of testing their credibility and bring-ing out the truth and establishing justice, is hereby declared a con-tempt of court."

The democrats held their con-vention in Cape county last Sat-urday and nominated an excellent ticket, as follows:

Representative, R. B. Oliver; Sheriff, W. F. Schade; Collector, Lee Hart; Prosecuting Attorney, T. B. Hines; Circuit Clerk, Joe Schmucke; County Clerk, J. Will Miller; Probate Judge, Ben Miller; Treasurer, Chas. E. Williams; Clerk of Court of Common Pleas, George Chappell; Coroner, Dr. W. W. Ford; Presiding Judge, Cooper Crascraft; County Judge—1st District, Chas. Gerhart; 2d District, George H. Barks.

When President Roosevelt, Sec-etary Cortelyou, Governor Crane of Massachusetts and Secret Service Agent William Craig, a friend and the secret-service body guard of the president, were driving from Pitts-field to Lenox, Mass., their vehicle collided with a trolley car, and Mr. Craig was killed instantly and the driver dangerously hurt, the president and Secretary Cortelyou re-ceived slight injuries. Governor Crane escaped unhurt. This was certainly a very narrow escape for President Roosevelt and he will be requested to avoid taking unneces-sary risks in future.

The Post-Dispatch of August 31, contained splendid pictures of Dr. W. H. Mayfield, surgeon-in-chief of the Mayfield Sanatorium, St. Louis, and his son, W. H., who died some time ago of consumption. The doctor is very much interested in a plan for taking care of and at the same time giving the victims of tuberculosis the benefit of the best climatic advantages, by having the government prepare reservations for them in the mountains of Arizona. This plan, he argues, would remove them from the health of the family and community and materially aid in stamping out the disease. Dr. Mayfield was born and reared on a farm in Bollinger county and is an enterprising, big-hearted man. He is one of the founders of the academy here which bears his name and is a monument to his generosity. His aim is to make his life a benediction to his fellowmen. Surely no man can aim higher.

A gray-haired woman sits at a table in a rooming house, and looks out at the birds flying over the city.

Take Care of the Stomach. The man or woman whose diges-tion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful re-constructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay of Holladay, Miss., writes: "Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. Dr. S. M. McAnally."

The chigger may chig with all his might, and the mocking bird mock and sing, but the Missouri corn crop will take the cake, and corn you know is king. The chinch bug may chinch, and the grasshopper hop, and the hot winds make you tire, but if anyone says there are such things here, just call him a terrible liar. Now Oklahoma may boom and Texas may howl, and Kansas shoot off her chip, but Missouri is the place to get a good home and raise a wonderful crop.—Exchange.

A Sad Disappointment. Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. Dr. S. M. McAnally.

"Every newspaper man has at some time or other in his business experiences met the man who takes more papers than he can read," says the Laclede Ledger. He was in Laclede this week. He wiped his nose on the awning, paid 25 cents for an almanac, bought a cake of 10-cent soap for which he paid half a dollar, put a nickel in the slot at the postoffice and kicked because the mail did not appear, watched the clock sign in front of the R. S. Landes jewelry repair store for thirty minutes waiting for it to strike, and still he takes more papers than he can read. We think he does."

Beware of the Knife. No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothers and heals. Dr. S. M. McAnally.

Group. Usually begins with the syn-toms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. M. Witmer's, Marble Hill.

A. J. C. KING, Sheriff of Bollinger County, Mo.

The girl who expressed so much sympathy for the poor farmer because of his cold job in harvesting his winter wheat, is equal in agricultural knowledge to the one who expressed a desire to see a field of tobacco when it was plugging out. But the dancier who asked which cow gave bittermilk is entitled to the whole bakery. And a girl on her return from a visit to the country who was asked if she ever saw anyone milk a cow; replied: "Oh, yes I have; it just tickled me to death to see Uncle Jack two of the cow's faucets at the same time."—Ex.
